

What data is stored on the Return2Play system?

What we need;

We only collect basic personal data about you which includes name and email address.

Why we need it;

We need to know your details to provide you with notice in writing of injuries in line with the services offered by Return2Play and to link you with pre-approved, accredited doctors. We will not collect any personal data from you we do not need in order to provide and oversee this service to you.

What we do with it;

All the personal data we process is processed by our staff in the UK however for the purposes of IT hosting and maintenance this information is located on servers within the European Union. Your Personal Data will be shared with IDEA Group Ltd, our subcontracting Software Developer, and no other third party has access to your personal data unless the law allows them to do so. We have a Data Protection regime in place to oversee the effective and secure processing of your personal data. More information on this framework can be found on our Privacy Policy which can be accessed from the Return2Play website.

How long we keep it;

We are required under UK law to keep your medical data for a minimum of 7 years after which time it will be deleted.
